### **DETAILED ACTION**

This is the second office action for U.S. Application 09/601,843 for a Framework Connection System filed by Dixon Gimpel on June 23, 2003.

#### ***Drawings***

The drawings are objected to as failing to comply with 37 CFR 1.84(p)(4) because reference character "24" has been used to designate both the central aperture and the body aperture. In figure 1e, reference numeral 32 is used to designate the fastener and the aperture. Also, in figure 1e, Applicant has failed to indicate the flange as reference numeral 14 or show the indexing flange apertures 26. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

***Allowable Subject Matter***

Claims 1-18, 23-27, 30-33 38, 39, 47, 48, 50, and 51 are allowed. The following is an examiner's statement of reasons for allowance: See the previous action for statement of reasons for allowance.

As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Response to Arguments***

In response to Applicant's request for an indication of allowable subject matter for withdrawn claims 34-37 and 40-46, it is noted that the claims have been withdrawn and are no longer considered.

***Conclusion***

This application is in condition for allowance except for the following formal matters:

See objections to the drawings above.
